

NAME: Ashley Auger

TITLE: Administrative Assistant

MY WHY

I strive to be effective, efficient, and organized in my role here at the COG. Bringing our vision to life at the COG by enhancing the lives of others and creating better outcomes overall is extremely rewarding and why I do what I do. I enjoy helping in any aspect I can to make everyday tasks run smoother for my colleagues, as well as the providers, agencies, and individuals we work with and serve. The Clearwater Council of Governments allows us to utilize our skills and advocate for what we believe in. Like our vision states, “to have a system and culture that values and responds to the voices of all people” Speaks volumes to the advocacy, compassion, and commitment we have to the DODD field.

MY ROLE

My role here at the Clearwater Council of Governments begins with strong interpersonal communication skills, and organization as I work hand in hand with my colleagues and administrators here at the COG, SSA’s, our member counties, Superintendents, The DODD, Agencies, and providers to educate, inform, organize, and detail the ins and outs of the services we provide. Making sure everyone’s needs are met, and that I am able to assist everyone when needed is the key to my personal role and success at the COG.
